Vs 1 He left his home, fam'ly, friends, a livelihood undone
He listened to a call within and took a path that none
Had taken before him
He said life was different to what we had known
He took the message of God's love and he really brought it home

Ch Unless a grain of wheat falls to the ground
Unless a grain of wheat dies to the world around
Its shell will not be broken or its heart reach for the sun
Roots won't grow deep into the earth
The seed will never become
All that it is (Hmm)
All that it is
All that it is (Hmm)
All that it is

Vs 2 He spoke as if God's living touch was right within his heart
His hands reached out to heal with love and this was just the start
Of a new world revival
He said we'd do greater than what he had done
He let the Spirit's power unfold and he grew into God's son

Vs 3 He scared us with a love so bold we nailed him to a tree
And as he let his body break it was clear to see
God flowing through him
He said this could happen for all who believed
A life empowered by truth and love is waiting as a seed

I wrote this song out of a firm conviction that God lives through us from the inside out. I felt that we need to let our outer physical shell of life be broken through by God's Spirit. This is how I see Jesus. The Spirit is love and when let loose from within shapes us as true children of God.
