

New name, same values

Introducing **U Ethical**, the new name for UCA Funds Management.

Since 1985, UCA Funds Management and its predecessors have been able to deliver financial returns and community impact through our commitment to ethical investment and the Church's social justice mission. With U Ethical, this won't change.

In every respect, our purpose and values remain the same. We are more focused than ever on generating competitive returns from ethical investments. We will continue to conduct advocacy campaigns to hold businesses accountable. And we are excited to add to the more than \$59 million we have granted to community, advocacy and mission programs.

We are committed to continuing this legacy of service to you, the Church and our community.

With U Ethical we have an important opportunity to take the message of ethical investing to a wider audience. The new brand will help us reinforce our ethical values, grow our investor base, and in turn have a greater impact. After all, an increase in the investments we manage allows us to do more. More for our investors. More for the Church. More for those we help in our community.

**Same purpose.
Same values.
Same ethical
investments.
New name.**

This is an exciting time for our business. Ethical investing is becoming mainstream and our track-record of delivering competitive returns while working for the greater good helps us stand out in an increasingly crowded market. We were Australia's first ethical fund manager and we aspire to become its best.

This is just the first step in taking the Uniting Church's ethical investment values to the Australian market and you'll be hearing a lot more from us in the future. We're still united with you for the greater good.

From April you can visit [UEthical.com](https://www.uethical.com) to see what we've been up to, or if you'd like to talk to us about investing in one of our ethical funds, call 1800 996 888.
