

Kingdom Come

1. Come and see a place you can go to.
It's a place that's old and new.
You might want to think twice.
Yeah, it's no paradise.
But this community's where God reigns.
The kingdom's in you, the kingdom's in me.
The kingdom's among us, it's not yet to be.
Not in the sky above us, not even in the sea.
It's across the land, just look and see.
Kingdom come.

2. It's a place for helpless children,
Tax collectors, destitutes.
For those who're never named
But still are always blamed.
The hungry, meek and those in mourning.
The kingdom's open for everybody.
There's no black list or admission fee.
So many were invited, but most of them had plans.
'Cause open table means holding hands.
Kingdom come.

3. It's a place where you are injured,
stranded, lying by the way.
The proud ignore your cries,
but one who you despise
becomes the one to come to your rescue.
The kingdom is in your dependency,
that and not power is the currency.
Learn to love your enemies, it's not easy to do,
but it's harder when they love you.
Kingdom come.

4. So sow trust just like a seed all 'round,
get back much more from some ground.
The more that you invest
will make returns the best.
When forced to carry one mile, go two.
The kingdom is here, but not in a jar.
Try weeding it out - you won't get far.
The birds do not go hungry; the flowers are well dressed.
The kingdom is life, life at its best.
Kingdom come.
