

### **The Hunt for Connection**

Don your raincoat and take a stroll through your neighbourhood or with a fellow 'camper.' Take a moment to connect to the place where you are, noticing all the ways that you are connected to God and to others. We have created a 'scavenger hunt' of things to look out for on your way.

Share your observations with others at afternoon tea, or as you knit along in the Zoom session. Post photos and drawings to the 'Connecting Walk' album on facebook if you would like to.

### **Scavenger Hunt**

A native plant.

An animal - *is it making any noises?*

Something colourful or with interesting textures.

Something that smells good.

Something that reminds you of the other people that walk or live here.

Something that fills you with joy, hope or love.

Draw a map or diagram of your walk showing significant places or encounters you had along the way.
