

God's Love in Action

Many Sri Lankan refugees living in exile in India are finally ready to make the journey home to the country they love. But the current economic crisis and food shortages in Sri Lanka means it's not safe for them to return, leaving many still needing support in the refugee camps.

Kavitha lives in a camp with her husband and two young children. She has suffered two miscarriages and was diagnosed with a blood condition during her pregnancy.

Thankfully our local partner, the Organisation for Eelam Refugees Rehabilitation (OfERR), with support from the Australian Government through the Australian NGO Cooperation Program (ANCP), has been providing vital medical care for refugees like Kavitha. She received injections that meant she could safely carry her baby to term.

Through the Christmas Bowl you are helping OfERR continue to provide lifesaving medical care for refugees while they wait for Sri Lanka to be safe again. Once the crisis ends, families like Kavitha's will finally be able to find a safe place to belong in their homeland.
